Full Course fee	\$385.20
Course fee after funding for SME*	\$145.20
Course fee after funding for non-SME*	\$273.20

## Assumed Skills and Knowledge:

Learners are assumed to possess the following set of attitudes, skills and knowledge:

### Assumed Skills and Knowledge

1. Literacy and Numeracy

WSQ Employability Skills Workplace Literacy and Numeracy Level 4, or equivalent

2. Working Experience

Recommended to have 1 year working experience in any industry

### Assumed Attitudes

Self-directed, with an open and analytical mind.

## About the Course:

On completion of this unit, learners will be equipped with the skills necessary to be part of a CERT team to handle fire emergencies in buildings. The skills would include evacuation plans and protocols as that would be one of the most important features for a fire emergency in a buildings. Learners will also be taught the proper techniques to operate a Breathing Apparatus (BA) set.

In addition, learners will also learn search and recovery techniques which are specific to buildings due to the complexity and multi-level nature of buildings. This is in line with national CERT standards.

## Certification:

A Statement of Attainment (SOA) will be awarded to successful participants.

## Funding Information\*:

Funding is available for employer-sponsored Singaporeans and PRs.
