About the Course:

Apply Workplace Safety and Health in Construction Sites is a mandatory WSH training course for all workers working in building and engineering construction worksites before commencement of work.

Assumed Skills and Knowledge:

Learners must be above 18 years of age and are assumed to:

- Have employment status as manual labour to carry out construction work in building and engineering construction worksites
- Be medically fit
- Be able to listen, read, speak and write English at a proficiency level equivalent to the Employability Skills (ES) level 2
- Be able to manipulate numbers at a proficiency level equivalent to Employability Skills (ES) level 2
- Have good organisational skills
- Be able to follow written and oral work instructions

Certification:

A Statement of Attainment (SOA) and safety pass will be awarded to successful participants.

Safety pass which is valid for a period of 2 or 4 years will depend on the participant's years of working experience in the related industry in Singapore.

Important note:

Participants are required to bring their personal document (*i.e.*, *NRIC, valid Work Permit or In-Principle Approval and Passport*), personal protection protective equipment (*i.e.*, *Safety helmet, Safety shoes, Safety goggle and Safety gloves*) and personal water bottle.
